Corning® Large Volume Centrifuge Tubes Continued

Support Cushions

Supplied in packs of 6

Code	Description	Price
430236	250mL support cushion	**£104.00**
431124	500mL support cushion	**£159.00**

Corning® Falcon™ Conical Tubes

- Easy-to-use, high quality tools to protect your precious samples
- High strength with wide temperature stability
- Meet bioanalytical-grade requirements and provide unsurpassed performance in critical research applications
- Exceptionally strong
- High clarity polypropylene or polystyrene
- Unique double threaded cap design reducing cross threading and leakage
- Easy-to-read graduations
- Consistent biological and physical properties

Thermo Scientific™ Nunc™ Centrifuge Tubes

- Conical polypropylene centrifuge tubes
- Sterile
- Increased traceability with the largest writing area on the market
- Made from high-purity resins and molded using state-of-the-art processes
- Safer alternative to glass without sacrificing accuracy
- Racked tubes supplied with an environmentally friendly, recyclable plastic rack that reduces landfill waste compared to the traditional foam packaging
