Sartorius Practum® Precision Balances

SARTORIUS

Get the best value for your money, without compromises in precision and reliability. Rely on consistent readings and excellent repeatability. Practum® has everything you need for standard applications.

- Accurate, consistent readings with excellent repeatability based on Sartorius quality and technology designed in Germany
- High reliability and durability provided by mechanical overload protection
- Extra-large feet and up-front level indicator for easy levelling
- Supervisor lock for preventing unintentional changes to the setup settings
- Effortless weighing thanks to the ergonomic and sturdy draft shield (0.001g versions only)
