

SLS Select Enviroscreen Environmental and Hygiene Sampling Swabs Continued

Surface Sampling: Swab Sampling Kits

- Tamper evident seal and single peel pouch
- Range of buffers including, MRD, BPW and TSC's neutralising buffer
- Suitable for routine microbiological and hygiene analysis on surfaces
- Ideal for analysis of TVC, gram positives and Enterobacteriaceae
- Downloadable certificates of conformity
- Sterilised by gamma irradiation
- 2 year shelf life

Supplied in packs of 100

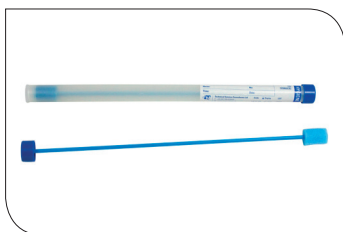

Code	Description	Price
SWA2016	50mL neutralising buffer with blue polystyrene breakpoint shaft, viscose tip in peel pouch	£68.00
SWA2018	10mL neutralising buffer with polystyrene shaft, polyester tip, peel pouch	£80.00
SWA1116	10mL universal neutralising buffer, polyester tip, polystyrene shaft, peel pouch	£107.00

Surface Sampling: Enviroscreen Sponges

- Ready to use 50cm² blue non-inhibitory cellulose sponges
- Optimal micro-organism recovery for sampling
- Complies with EC No.2073/2005
- Cover large surface areas
- Serial dilutions can easily be replicated
- Breakpoint handle available - Envirostik™
- Pre-moistened with neutralising buffer
- 1 year shelf life

Code	Description	Pack	Price
SWA2023	50cm ² sponge dosed in neutralising buffer, easy opening stomacher pouch	200	£244.00
SWA1036	50cm ² blue sponge dosed in neutralising buffer with 100mL blue plastic container	95	£272.00

Surface Sampling: Enviroscreen Dry Swabs

- Range of sizes and materials for easy reach sampling with confidence.
- Blue shafts available for high visibility
- Suitable for fastidious and sensitive sampling
- Tamper evident hygiene label
- Sterilised by gamma irradiation
- 2 year shelf life

Code	Description	Pack	Price
SWA2024	12" plastic shaft, blue jumbo foam swab tip, tube	100	£140.00
SWA2028	Blue polystyrene breakpoint shaft, viscose tip in peel pouch pack	1000	£172.00
SWA1028	Woodshaft, cotton tip in tube with a hygiene label	250	£62.00
SWA1030	Polypropylene shaft, viscose tip in a tube	250	£68.00
SWA1032	Blue polystyrene breakpoint shaft, viscose tip in tube	250	£75.00
SWA1034	Low ATP swab for bioluminescence, polystyrene shaft, polyester tip in blue	250	£94.00
